Education

Masters in Computer Science
2023-10-03 - 2024-06-25

University of california

Skills

Technical Skills

Software development, Programming languages, Data structures, Algorithms, Infrastructure development, Distributed systems, Networking, Compute technologies, Storage, Hardware architecture

Soft Skills

Versatility, Leadership qualities, Enthusiasm, Problem-solving, Project management, Prioritization, Deadline management, Team collaboration, Adaptability, adadad

Projects

E-Commerce Website

2022-09-02 - Present

rajamupid.locm

Built a full stack E-Commerce application

Technologies: Reacjs

Certifications

Google Engineer

2023-10-04 - 2025-03-31

Google
